
This map indicates areas of known and suspected mine and UXO contamination. The information presented is not necessarily a complete indication of the actual extent and location of contamination. Other areas may contain mines and/or UXO as yet unknown.

Les sites qui contiennent ou qui sont soupçonnés de contenir des mines et des obus sont indiqués sur cette carte. Leurs localisations ainsi que leurs superficies ne sont pas nécessairement exactes. Des sites contaminés qui n'ont pas encore été repérer peuvent être présents.
